

## Your Home Valet: Driving

### Home Page

Are you a snowbird or business person with homes at both ends of I-75 and need help moving your car, SUV or van -- filled with your other stuff -- from one end of the country to the other?

Do you have cats or dogs that also need to be moved?

Do you want to be sure your vehicle, your other belongings and your beloved pets arrive safely to their destination, safely and without hassle?

I can help. My name is Sean Lane; I am the founder of several successful service companies, including Your Home Valet ([insert hyperlink](#)). Our driving service will transport your vehicle, filled with your legal belongings, including dogs and/or cats, to the destination you select along the I-75 corridor.

### Why choose Your Home Valet Driving Services?

- **Security:** Our business is bonded and insured (AAA Premium member): In case of accidents, theft or other calamities, you're covered.
- **Safety:** I will be doing the driving: I am a retired Detroit Police Officer with a CDL (commercial driver's license) and a perfect driving record (no points). You can be sure I will not take any chances with your belongings by trusting them to another driver.
- **Pet Care:** I am an animal lover. I have owned many animals over the years and I understand how to take care of them: how to feed them, exercise them, and account for individual quirks. I know how scary it can be to entrust a beloved pet to a stranger – I would not violate that trust.
- **Efficiency:** Your vehicle, belongings, and pets will be delivered to YOUR door, safely and efficiently. Other transport services would let your vehicle languish in a holding facility somewhere until there were enough clients to justify a trip to your area. Not me: When we agree on a schedule and destination, you can be sure your items will arrive on time.
- **Pricing:** You should expect to pay a lot more for the safe, secure service we offer. While there are costs involved in transporting anything, our services are priced right. You can complete your move without breaking your budget.

When it's time to make your move, call me. Let's get rolling.

About Me:

Why trust your vehicles, pets, and other treasures to me, Sean J. Lane and Your Home Valet Driving?  
Here are some reasons:

**Snowbird.**

**Safe Driver.**

**Retired Cop.**

**Pet Owner.**

**Nonsmoker.**

**Entrepreneur.**

These are some of the many hats I've worn through the years. With each one, I've gained the qualities you need in someone who will be moving your belongings across several states.

**Snowbird:** Michigan and Florida are my two favorite places and I spend several months of the year in each location. Like many other snowbirds, I know the I-75 corridor – and its alternate routes -- like the back of my hand. I know the shortcuts, the service stations, the pet-friendly accommodations.

**Safe Driver:** I have a Commercial Driver's License (CDL) and have zero points on my driving record. I also know how to react when the unexpected happens – from pet "mistakes" to traffic delays to vehicle accidents.

**Retired Cop:** For four years, I was a Reserve Police Officer in Detroit. I know the law and I know how to keep your items safe.

**Pet Owner:** I've always loved animals, particularly dogs. Currently, I own (names, ages, breeds etc.). I know the challenges of transporting them on long road trips. I also know each pet has its own needs and will be sure they are fed, watered, exercised, and rested accordingly.

**Nonsmoker:** Your items won't pick up any undesirable odors on this trip.

**Entrepreneur:** I have founded four unique, successful businesses, all related to helping people manage "stuff" – whether their own or their elderly parents'. I've been successful by paying attention to the details and meeting my clients' needs at the best possible price.

## Services

### SNOWBIRDS

Literally take flight to your destination while I handle the details of getting your vehicle and pet there. You can even fill your vehicle (car, SUV, van) with legal belongings (i.e., no weapons, drugs, alcohol, etc.) – as long as there's room for me, Fido, Fluffy, and our personal needs.

### AIRPORT TRANSFER

If you're traveling to or from Metro Detroit or South Florida, eliminate the stress by letting me drive you to or from the airport, in my car or yours. If it's yours, I'll safely and securely bring your car back to your home, saving you those horrendous airport parking fees. Plus, leaving your car at home makes your house look occupied, helping to thwart potential thieves.

### RELOCATION

If you're moving cross-country along the I-75 corridor, you may have too many vehicles and not enough drivers to get everything where it needs to be. Allow me to drive one of your vehicles – and transport your pets – while you see to the other details.

### EXCEPTIONS:

Your Home Valet Driving will NOT transport

Human Beings

Weapons

Illegal Substances

Stolen Items

Birds

Fish

Reptiles

Exotic Pets

RVs (motor homes, boats, ATVs)

Large utility or auto trailers

(Small trailers such as U-Haul Cargo-size trailers are acceptable)
